AVIATION HEAD FOR DPI TALKS TO ROTARY CLUB

The need for greater stress on the role aviation is playing in all fields of endeavor was emphasized Monday evening by Miss Elizabeth Warnock to the local Rotary Club at its meeting in the YWCA.

Miss Warnock, a pilot of 14 years experience, heads the state's Aviation Education Program of the State Department of Public Instruction.

She explained: "Our purpose is not to train mechanics and pilots, who are after all only a portion of aviation, but to bring to the attention of teachers, individuals and school children, the tremendous change that aviation has brought to our life and the manner in which it affects nearly everything we do."

Affects Many Fields "Teachers, instructing the citizens of tomorrow, must take aviation into consideration in their training, if they are properly to fit the youngsters for the world in which they will live."

"It is particularly important that the teachers of social science be aware of the role of aviation in history, in transportation, in everything that is taught. One American airline has 80,000 employees in 80 countries. It is important that the language instructor know that fact in training the youngsters who someday will be called upon to man those posts overseas. They should know the aviation terms in (Continued On Page 3)

AF Reservists On Diesel Plant Tour

A group of 16 Air Force Reservists from the York-Adams area on Monday evening heard R. H. Sheppard trace the history and development of the diesel engine during a tour of the Sheppard plant in Hanover.

The founder and president of the R. H. Sheppard Company explained the value of diesels over conventional gasoline consuming engines and with the aid of a cut-away model demonstrated how his firm's engine operates. The veterans also were shown portable equipment being built there for the armed forces.

Monday's meeting was arranged by George S. Hornberger, Littlestown, adjutant of Flight B, 9542 VARTU Squadron, which usually meets the first and third Mondays of each month at Gettysburg College. The unit currently is conducting a recruiting drive.

Among the group making the Hanover tour were Clayton L. Evans, Donald E. Lady, Raymond Connelly Jr., Roy Kuykendall, Nelson P. Kane, Earl L. Snyder, Edward McClellan, John H. Gotwald Jr., Jerry Linden, Charles V. Repman, A. B. Koche, G. C. Shaffer, K. G. Wenk, Harvey W. Dickert, Ray Nowak and R. L. Fidler.

Area Firemen To Meet In Lancaster

Members of the Firemen's Association of Southeastern Pennsylvania will be guests of the Bausman Fire Co. of Lancaster at their quarterly meeting Thursday evening.

Joseph N. Sostar, Steelton, newly elected president of the Southeastern association, will preside at the session scheduled to start at 8 p.m. The association is made up of firemen from Adams, Cumberland, Dauphin, Franklin, Lancaster, Lebanon and York Counties. A demonstration of the two-way radio system linking together the 60 Lancaster County fire companies will be presented prior to the meeting. A large class of new members will be admitted to the organization and members of the State Firemen's Association have been invited to attend.

OFFICIATES AT REQUIEM MASS FOR HIS FATHER

Funeral services for George A. Yeager, 83-year-old father of Rev. Fr. Louis J. Yeager, pastor of St. Ignatius Loyola Catholic Church, Buchanan Valley, who died last Friday afternoon at his home in Carlisle, were held this morning at 10:30 o'clock in St. Patrick's Church, Carlisle, with his son as the celebrant of the solemn requiem high mass.

His Excellency, the Most Rev. George L. Leach, D.D., Bishop of the Harrisburg Diocese, headed a large delegation of priests from the diocese attending the service.

Rev. Fr. Cletus Houck, of New Freedom, was the Deacon of the mass; Rev. Fr. Daniel Gearing, of Pittsburgh, was the sub-Deacon and the Rev. Fr. Francis Kirchner, of Harrisburg, was the Master of Ceremonies.

Monsignor Joseph A. Schmidt, the deceased's pastor, and diocesan director of the Society for the Propagation of the Faith, delivered the sermon.

Bishop Leach presided at the mass and gave the absolution of the body at the close of the mass. He also spoke briefly. Burial was in the cemetery adjoining the church.

MUSIC was furnished by the Children's Choir of St. Patrick's School. Mr. Yeager was one of the most active members of his church up to the time of his death and gave generously of his time and money in support of many activities in the parish. He was an active member of the Fourth Degree, Knights of Columbus, General Assembly of Harrisburg, with which his priest-son was also affiliated.

END TESTIMONY ON YORK CRASH

Testimony was completed in York common pleas court Monday in a damage suit stemming from a collision of a York Bus Company bus and an automobile on Jackson St. at Cleveland Ave., York, August 12, 1952.

The plaintiff, Ralph A. Gordon, New Oxford, driver of the auto, testified that he was passing the bus in the eastbound lane of Jackson St. when the bus pulled right and turned left onto Cleveland Ave., striking his car. He said he did not see the intersecting Cleveland Ave. as a result of the accident, he suffered two broken ribs, shock and lacerations.

Bus Driver, Cop Heard

George Gordon, his father, testified that his son was in a dazed condition after the accident and was not himself for about three or four months. He said that his son still is receiving medical attention. A report by Dr. Raymond D. Taylor as to the plaintiff's injuries was read by Attorney Robert W. Morton, plaintiff's counsel.

Wilmet Ehrhart, York, driver for the defendant company, said that he had his turn signals on and did not see Gordon's car until it had struck the bus.

City Patrolman Robert E. Felsner testified damage to the bus was slight, but that the front and right side of the auto, which had stopped against a telephone pole, were damaged.

Dr. Frank M. Weaver said he examined the plaintiff on Oct. 22, 1952, and found "no evidence of residual effects" from the accident.

RIDING CLUB TO MEET

The January meeting of the Gettysburg Riding Club will be held this evening at 7:30 o'clock at the fire engine house. President LeRoy H. Winebrenner will preside. Annual dues are payable now, Miss Jane Bigham, club secretary, said in announcing the meeting.

NEW JAIL HAS ROTTED FRONT DOOR, SAYS JURY

The January Grand Jury found the door at the county jail rotted and "about ready to fall off," according to its report presented Monday afternoon to the Adams County Court.

Although the door in question is not the one to the cell block, Judge W. C. Sheely brought laughter to the jurors by remarking "It wouldn't look good to have a jail without a front door, would it?"

The weather, the jury said, has rotted the base of the door to the sheriff's office at the jail, the "front door" of the structure, and the wind recently "caught" the door, swinging it back against the wall and damaging the hinges. Temporary repairs have been effected to the door the jury said, but they urged its replacement. Otherwise according to the report handed up by Foreman Paul LeGore, the jail is in "first class" condition.

Two More Indicted

At the county home, the jurors found that boards on a porch at the men's building are rotting and that a window is broken in a dormer at the annex. They recommended replacement in both cases.

The court house they found in good condition with one exception—the skylight above the law library. They recommended its cleaning and windows.

Before leaving for the tour of the county properties, the jurors handed up true bills in the assault and battery charges against Robert Bupp, Aspers R. 1, and Eva Beam, Gardners R. 2. Both are the result of an altercation November 7 and the two cases may be tried as one. If such procedure is followed, only five criminal trials are scheduled for the January term of court, the smallest number in some terms. The trials will begin Monday.

FARMERS OPEN MEMBERSHIP DRIVE FEB. 2

The annual membership drive for the Adams County Farmers' Association will get underway February 2, President Paul Lerew, York Springs, announced today.

George Stock, New Oxford, chairman of the membership committee, announced plans for "kick-off" meeting at which they will divide the list of all farmers in the county by townships. The membership committee plans to extend an invitation to each farm family to join the organization.

With 172 farmers comprising the unit in 1953, the group hopes to increase its membership to 300 in 1954.

Offer "Family" Memberships

The Adams County Farmers' Association is a unit of the nation's largest farm organization, the American Farm Bureau, Lerew said. He added that there are more than (Continued on Page 3)

DEMOCRATIC WOMEN MEET

Plans for the programming of 1954 activities and a discussion regarding "political myths" featured the regular meeting of the Women's Democratic Club of Adams County held Monday night at Odd Fellows Hall.

A letter inviting the club to attend a meeting of the Democratic Women's Club of York, January 28, was received from Mrs. Dorothy Bentzel, regional director, and read by Mrs. Bessie Bringham, Adams president.

On January 28, Mrs. Bentzel will be installed as president of the York group. Adams members desiring to attend are asked to call Mrs. Bringham at 602 on Thursday or Friday of this week.

Members were asked to contact persons of voting age not yet registered and speak to them concerning registration and the voting duties and privileges of a citizen. Mrs. Bessie Kapp led the discussion on myths regarding politics. Programs for future meetings were also discussed.

The program committee will assemble at the home of Mrs. John S. Rice, 60 W. Broadway, on Wednesday afternoon.

Film To Be Shown In Orrtanna Charge

A religious film, "Second Chance," will be shown at the Mt. Carmel EUB Church Saturday evening at 7:30 o'clock under the sponsorship of the Orrtanna Charge Christian Endeavor organization.

The feature length film is based on a story by Faith Baldwin and poses the question of what one would do if he had his life to live over again. It was produced by the Protestant Film Commission.

Sunday evening at 7:30 o'clock the film will be shown at the Mt. Hope Church.

The Witness Listens

Secretary of Agriculture Ezra Taft Benson, left, is on the witness stand Monday before the Senate Agriculture Committee, but right now he is listening to Sen. Allen J. Ellender Sr., Louisiana Democrat. In advance of Benson's appearance, Ellender said he wanted to know "just who suggested President Eisenhower's farm program and why."

FIRST LIST OF SPONSORS FOR "POLIO" DANCE

The first list of "sponsors" for the annual Polio Fund dance to be held January 29 at the Hotel Gettysburg was announced today. The dance is being arranged by the Gettysburg Junior Chamber of Commerce.

Mrs. Joseph E. Codori, in announcing the list, also reported that so far "more than 1,000" owners of autos in the county have contributed through the coin cards sent to every car owner in the drive to raise funds for the activities of the county Infantile Paralysis Fund and the National Foundation.

Four hundred coin collectors have also been placed throughout the county as depositories for donations to the drive.

To Put Dimes On Window

As a special feature of the March of Dimes this year, everyone is invited to place a dime on the window of Zerling's Hardware store Saturday. Paste will be available at the window, as well as ladders to permit anyone to place his dime there. When the window is filled, the dimes will be removed and turned over to the County Infantile Paralysis unit. A number of organizations are planning to place enough dimes to spell out their organization's initials on the window.

Mrs. Codori stressed the need for contributions to this year's drive. "This campaign is more important than any prior campaign," she said. "This year the National Foundation for Infantile Paralysis hopes to vaccinate between 500,000 and 1,000,000 children with a new vaccine that has proven successful in small scale tests. The huge test will determine whether the vaccine is truly what we have been seeking for—a preventative for polio. If it is, this scourge can be wiped off the earth, just as smallpox was defeated by vaccination. There is only one way that the success of the vaccine can be determined and (Continued on Page 6)

Police Arrest Kidnapers Of Wealthy Young San Francisco Broker; Held For \$300,000

SAN FRANCISCO (AP)—A wealthy young San Francisco real estate broker kidnaped Saturday and held for \$300,000 ransom was rescued unharmed early today by police who arrested the suspects.

The kidnaped man, Leonard Moskowitz, 36, told newsmen with a broad smile: "It's wonderful. I love the police department."

Dist. Atty. Thomas Lynch, in announcing the break at 4 a.m., identified the two suspects as Harold Jackson, 57, and Joe Lear, 43, both of Sacramento, Calif.

Moskowitz was found shackled in a rented house at 167 Arbor St. a few minutes after two police inspectors picked up Lear as he talked with the victim's family from a public telephone a few blocks away, Lynch said.

Police Lt. Don Scott said Lear squealed and quickly led the officers to the hideout.

Name McCauslin For Club Survey Duties

D. E. McCauslin was appointed by the Associated Civic and Service Group Monday night, at a meeting held in the YWCA, to meet with the organizations comprising the group to determine their wishes concerning future activities of the coordinating body.

The associated group was set up several years ago as a channel through which the various service organizations of the community could work together on projects too large for the individual service clubs to carry out themselves.

Attorney Edward B. Bulleit presided as temporary chairman at Monday's meeting with John Sientz serving as secretary.

Mr. McCauslin was asked to arrange for the next meeting upon completion of his survey of the organizations.

200 LIONS AND LADIES ENJOY TALK ON DUTCH

Nearly 200 Gettysburg Lions and their ladies dined at the Zion Reformed Church social rooms in Arendtsville Monday evening and were entertained by Dr. J. William Fry of the Franklin and Marshall College faculty and by special music from club groups.

There were selections by a quartet of Lions including Paul Grove, Dr. Clarence Bartholomew, David Bloser and John B. Kendlehart. They were accompanied by Mrs. Bartholomew. Later the Lions Club Chorus sang several numbers under the direction of Richard B. Shade.

President Calvin A. Cluck presided and Past President D. E. Hess served as toastmaster during the program.

Declaring that "Pennsylvania Dutch ain't no language cause it ain't got no grammar," Dr. Fry declared there is no other medium (Continued On Page 2)

CD Air Raid Alarm System Available Now

The statewide bell and lights instantaneous Civil Defense air raid warning service is now available to such "private" individuals or organizations who may wish the service, William G. Weaver, county director of Civil Defense announced today.

Operated by the state council of Civil Defense, the bell and light system gives warning of impending air raids and the all clear signal instantaneously throughout the state through impulses sent over the telephone systems of the state.

The system has been installed in Gettysburg by the state at the office of Director Weaver, at his home, at the fire house here, the state police barracks here, the home of Fire Chief Donald Jacobs and at the local telephone exchange.

Private individuals may have the system installed in their homes, plants or businesses by contacting the telephone company, and paying for the installation plus a monthly service rate, Weaver said.

DR. H. D. HOOVER TALKS TO ARTS GUILD MONDAY

Dr. Harvey D. Hoover, retired member of the faculty of the Gettysburg Lutheran Theological Seminary, declared that "the use of color is significant in the development of religion" in an address before the Arts and Crafts Guild of Adams County at the YWCA Monday evening.

"Art," said Dr. Hoover, "has been used extensively through the years, even before the coming of Christ, to convey a message to the people."

Miss Alma Cluck, McKnightstown, explained various methods of weaving and displayed luncheon cloths, towels, place mats, woolen samples, and shepherd's plaid.

Similar discussions and displays will be held at the February 15 meeting when Mrs. Clara Elsen Peck will discuss types of oil painting. Vi Deardorff will explain crocheting techniques, Mrs. Paul Tressler will talk about ceramics and John Byers will explain methods of furniture-making. Each speaker will bring samples of work to be viewed by the guild.

Name Committees

Ernest Krape, president, and the executive committee, appointed the following committees to serve for a year: membership, John Byers, chairman, Mrs. Reah Gingrow and Miss Betty Diehl; social, Mrs. Eugene Setter, chairman, Mrs. Anna Miller, Mrs. Gladys Rebert and Mr. and Mrs. Earl Andre Dorely; program, Miss Jean Thomas, chairman, Mrs. C. H. Heldt; publicity, Herbert G. Raab; exhibition, Mrs. Clara Elsen Peck, chairman, Mrs. Ruth Dillon, Mrs. Harold Price, Mrs. Calvin Maddox and Miss Alma Cluck; education, Mrs. Marge Good, chairman, Mrs. Betty Hill; nominating, Mrs. Robert Clippinger, chairman, Mrs. Esther Bloom and Miss Barbara Keller.

Mrs. Fern Ritchey was chairman of the hostess committee. Ice cream moulds in the form of miniature snowmen were served. Mrs. Peck won the door prize, a miniature cake snowman.

An organizer and former president of the Philadelphia group, Dr. Raby will terminate his association with Gettysburg's largest alumni club March 1, at which time he will assume his new duties on the Gettysburg campus.

Gordon D. Whitcraft, class of '33, president of the Philadelphia club, revealed plans for the club's testimonial evening.

"As every member of our club knows, Dr. Raby has been instrumental in making Philadelphia a 'stronghold for Gettysburg,'" Whitcraft said. "Other Pennsylvania and Eastern colleges are always amazed at the enthusiasm generated by Philadelphia-Gettysburg alumni. A real dynamo, of course, has been Dr. Raby."

A graduate of the class of 1909, Dr. Raby has been active in Philadelphia alumni affairs for 37 years. He was vice president of the Gettysburg General Alumni Association from 1936 to 1938 and president from 1938 to 1941.

Funeral Rites For Mrs. William Lott

Funeral services were held this afternoon at 2 o'clock at the Bender Funeral Home for Mrs. Lois VanCleve Lott, wife of William M. Lott, who died Saturday evening at their home, Bonnie Brae Fruit Farms, near York Springs in Huntingdon Twp. A heart attack caused death.

The services were largely attended and were conducted by the Rev. Clyde R. Brown, pastor of the Gettysburg Presbyterian Church, and the Rev. John Bouquet, Neenah, Wisconsin, a cousin of Mrs. Lott. Interment was made in Evergreen Cemetery.

The pallbearers were W. Clayton Jester, Harold Smith, Dr. J. L. Boyer, Hugh C. McIlhenry, Dr. Donald Stoner and S. Townsend Naylor.

'ROYAL FAMILY' TO BE CROWNED AT CLUB SHOW

First nighters attending the second annual Exchange Club home talent show, "You Can't Beat Fun," will witness the coronation of Gettysburg's "Royal Family," February 2, when President Judge W. C. Sheely proclaims six juveniles "monarchs for a day."

The initial outline of coronation plans, contest prizes, and selection of two toastmasters were revealed after a meeting of the wives of Exchange members at the home of Mrs. Robert P. Snyder, chairman of the "Royal Family" committee.

Because of the Gettysburg-Penn State basketball game at the college, February 3, the program was moved back a day and is now scheduled to run Tuesday and Thursday, February 2 and 4.

Duties as master of ceremony will be handled by C. William Harbaugh, Gettysburg Times advertising staff member, as "Lucky" Lamson, and Edwin L. Shoop, radio station WGET announcer, impersonating Gary Moore.

Eligibility in the Royal Family will be accorded any Adams Countyman up to seven years of age, inclusive, Mrs. Augusta Phelps Munro, director, said. Voting positions of individual canisters and photographs of competitors in Gettysburg stores will be left to the discretion of the parent. Similar photographs may also be placed on view in the window of the Philip R. Bickle Insurance Agency, 7 Baltimore St.

Photographs of any size may be submitted at both polling stations and the master window. Parents are asked to furnish full name, address and telephone number of the contestant. The contest will begin Thursday morning and close February 2 at 1 p.m. An entry fee will not be required.

Prizes to be awarded to the Royal Family and ten runners-up include: king, a sidewalk bicycle; queen, a 38-inch ballerina doll; first princess, a Saucy Walker doll; first prince, po (Continued on Page 9)

SENTENCES ARE GIVEN TODAY AT COURT SESSION

Kenneth William Tressler, Fairfield R. 1, was sentenced to 30 days in jail, beginning last December 24, and ordered to pay \$50 for the use of the county and the costs when he appeared before the Adams County Court this morning on a charge of driving while under the influence of intoxicants. He had pleaded guilty to the charge.

James Nevin Keller, Gettysburg R. D., was found guilty of reckless driving and ordered to pay a \$10 fine and the costs following a hearing this morning. Borough Police-man Raymond Menges told of following Keller's vehicle through town, and of chasing it "at 70 miles an hour and he continued to pull away from us."

Menges said Keller turned off the Biglerville Rd. to the Table Rock Rd., after leaving town, then turned into Grandview Terrace and extinguished the car lights.

At that point, Menges said, the borough police "lost" the car. Keller admitted to driving in town, at the time in question, but said he drove normally through the town and did not turn into the Table Rock Rd. Instead, he said, he continued on the Biglerville Rd.

Court Takes A Dare

Henry E. Warner Jr., Kennett Square, who entered a plea of guilty to a charge of reckless driving which he had previously appealed, was ordered to pay a fine of \$10 and the costs. The charge had been brought after Warner fell asleep while driving and smashed his car.

COUNTY WOMEN ARE INVOLVED IN HANOVER CRASH

Two women were injured, one hospitalized, and a new car was considerably damaged in a three-car collision Monday at 4:10 p.m. at the intersection of Carlisle and Fourth Sts., Hanover. Two children and seven other adults riding in the vehicles escaped injury.

Mrs. Harry P. Hesson, 32, Hanover, was admitted to Hanover Hospital suffering from a possible fractured right ankle, injuries to her chest and right leg, abrasions about the face and lacerated right knee. Her condition was given as good.

She was riding in a car operated by Mrs. Samuel Feder, 31, Hanover, who suffered lacerations about the left knee. Damage to the car, a new model with 353 miles on the speedometer owned by Mrs. Feder's father, Irvin J. Wildasin, was estimated at \$880.

Breaks Utility Pole

Two children riding in the car, Marilyn Feder and Joanne Hesson, daughters of the injured woman, escaped injury.

Hanover police said Mrs. Feder was driving north on Carlisle St., when a car operated by Pauline M. Hippensteel, 40, Gettysburg R. 4, pulled out of Fourth St. into the path of the Feder vehicle.

The impact threw the Feder car to the right side of the street where it crashed into a utility pole, breaking it off and pushing it against a tree, police said.

Say Car Stopped

The Hippensteel car, according to investigating officers, swung to the left and was sideswiped by a car driven south on Carlisle St. by Charles E. Shriver, 53, of Hanover R. 1. He and his wife, Mrs. Mary J. Shriver, escaped injury.

Four passengers in the Hippensteel car, Virginia Wyatt, Mrs. Shirley Hull and Helen Trone, all of New Oxford, and Mrs. Mary Cromer, Hanover R. 3, told police Mrs. Hippensteel had halted for a stop sign before entering the intersection.

Damages to the Hippensteel car was estimated at \$200, to the Shriver vehicle at \$50 and to the utility pole at \$100.

MAN SUICIDES AFTER QUARREL

LANCASTER, Pa. (AP)—A 29-year-old Lancaster man committed suicide with a shotgun early today as police closed in on his barricaded home following a family argument in which two other persons were seriously wounded.

Police said the dead man, Robert McCombs, shot his mother-in-law, Mrs. Mabel Leib, 63, and that the woman rushed into the street and collapsed.

Neighbors called police and Sgt. Lester Mowery was sent to investigate.

The 37-year old officer was met with a hail of lead from McCombs' shotgun as he approached the front door. Most of it struck him in the legs.

Mowery struggled to his parked patrol car and summoned additional police forces.

Police quickly surrounded the area and after determining that McCombs' wife, Kathryn, and their three children, David, 6; Michael, 3; and Robert Jr., 13 months, had escaped from the home, they fired several volleys into the residence.

After waiting some time, a squad of police rushed the home and found McCombs dead inside. He had died, police said, of a self-inflicted shotgun blast to the head. Mowery is in serious condition in Lancaster General Hospital.

Mrs. Leib is in St. Joseph's Hospital with gunshot wounds of the upper right abdomen and the right arm. Her condition also is listed as critical.

PARTY AT HOTEL

Approximately 110 office and administrative employees of Knouse Foods Cooperative, and their wives or husbands, attended a dinner-dance Monday night at the Hotel Gettysburg. The group were guests of Mr. and Mrs. M. E. Knouse at the affair. Mrs. Mary Howe, Chambersburg, and her orchestra, provided the music.

CAR TOWED AWAY

Borough police Monday afternoon ordered a car to be towed to Gilbert's Garage from Spring Ave. The owner, police said, had parked the vehicle in the middle of Springs Ave., not only partially blocking that street, but also obstructing an entrance to the Amce Market.

AGREEMENT IS REACHED IN U.S. AGAINST A. & P.

WASHINGTON (AP)—A compromise settlement of the government's anti-trust suit against the A&P food chain was announced today by Atty. Gen. Brownell. The big retail chain will not be broken up.

The attorney general said a consent judgment, accepted by both the Justice Department and the Great Atlantic and Pacific Tea Co., was entered this morning in the Federal District Court in New York City before Judge Edward A. Conger.

Brownell said the decree provides that A&P must move at once to dissolve Atlantic Commission Co. its produce buying subsidiary. The subsidiary had been accused of functioning in an inconsistent dual role as a direct buyer for A&P's 6,000 retail stores scattered through 40 states, while at the same time acting as a selling agent for the A&P suppliers in sales to the big chain's retail competitors.

The civil anti-trust action in New York was brought in September, 1949 by Atty. Gen. McGrath after A&P had been convicted of criminal anti-trust law violations in a trial held at Danville, Ill., and had paid \$175,000 in fines.

The McGrath suit specifically asked the New York court for an order requiring that the A&P retail chain be broken down into seven separate and independently owned retail food chains which would compete with each other.

Volcano Erupts; 25 Killed, 66 Hurt

JAKARTA, Indonesia (AP)—Thousands of frightened Javanese fled their homes today in the wake of an eruption of the volcano Merapi. The first blowoff—in the heart of one of the world's most densely populated areas—killed 25 persons and injured 66 others.

The 9,950-foot volcano, 20 miles northeast of the revolutionary Indonesian capital of Jogjakarta, has been acting up since last March. The first serious eruption occurred yesterday, sending volcanic ash as far as Magelang, 40 miles north of Jogjakarta.

Officials said 2,000 persons had been moved out of the immediate area and that thousands of others were leaving their homes. The recorded toll from Merapi's last major eruption, in 1930, was 7,000 dead but some authorities put it as high as 30,000.

120 Miners Driven From Tunnel Fire

LANSDOWN, Pa. (AP)—About 120 anthracite miners were forced to quit two tunnels of the vast Dodson colliery of the Weston-Dodson Coal Co. today because of an underground mine fire.

Source of the blaze, and its location, could not be determined immediately and mine officials said it might take several days before crews will be able to get below and investigate properly.

The mine, formerly the Lansford colliery and leased by Weston-Dodson from the Lehigh Navigation Coal Co., employs some 1,600 men. The other sections of the mine are not affected.

The 120 hard coal diggers were forced to leave because of extensive heat and killing fumes.

MISS WINTRODE AND D. A. MARCH MARRY SUNDAY

Miss Joan Marie Wintrode, daughter of Mr. and Mrs. Clinton R. Wintrode, 22 Carroll St., Littlestown, and Donald Arthur March, son of Mr. and Mrs. David March, Gettysburg R. 3, were united in marriage on Sunday afternoon at 2 o'clock in St. Mary's Evangelical and Reformed Church, Silver Run, Md. The single-ring ceremony was performed by the Rev. George E. Bowersox Sr., McSherrystown, great-uncle of the bride, in the presence of a large number of relatives and friends of the couple. The bride was attended by her sister, Mrs. Emerson F. Muller, 116 Lumber St., Littlestown, as matron of honor. The groom chose for his best man, his brother, Clair March, Gettysburg R. D. Emerson F. Muller, brother-in-law of the bride, and Dale March, Hanover, brother of the groom, served as ushers.

The bride, given in marriage by her father, was attired in a white satin gown fashioned with a fitted bodice covered with imported Chantilly lace and a high neckline with a lace collar. The long sleeves ended in points over the hands. Her full satin skirt featured a layer of pleated nylon net and an overskirt of Chantilly lace scalloped down the front. Her fingertip length veil of illusion net was caught by a Juliet cap covered with net and trimmed with seed pearls. Her jewelry consisted of pearl earrings and necklace. She carried a white Bible, topped with a shower of white satin streamers and small white carnations.

Special Music

The matron of honor wore a yellow satin strapless gown covered with net. The bodice had a fitted waistline, over which she wore a net jacket molded at the waist in the with a Grecian effect in the front. Her headdress was a yellow cap trimmed with a mother-of-pearl sequins. She carried a colonial bouquet of assorted spring flowers.

The bride's mother wore a teal blue, bead-trimmed dress with brown accessories and a corsage of yellow rosebuds. The groom's mother wore a sky blue dress with brown accessories and a yellow rosebud corsage.

Prior to the ceremony a twenty-minute organ recital was presented by Mr. George E. Bowersox, McSherrystown, great-aunt of the bride. She was also accompanist for the soloist, David Werner, King's College, Del., cousin of the bride, who sang "Because" and "The Lord's Prayer" before the ceremony and "O Perfect Love" during the ceremony. The church altar was decorated with vases of white flowers, palms and ferns. White satin bows were placed on the church pews.

Honeymoon in Florida

Immediately following the ceremony, a reception was held in the social hall of the church for approximately 200 wedding guests. The hall was decorated with white and orchid crepe paper and clusters of white wedding bells. A three-tier wedding cake, topped with a miniature bride and groom, formed the centerpiece of the bride's table.

The newlyweds left on a week's wedding trip to Florida and upon their return they will reside at Gettysburg R. 3. For traveling, the bride chose a blue and white striped two-piece dress and a light blue coat with winter white accessories. She wore a white orchid corsage.

Mrs. March was graduated from the Littlestown High School with the class of 1953 and is presently employed as a bookkeeper at Wintrode's Garage, Littlestown. Mr. March was graduated from the Biglerville High School and is now engaged in farming.

3,000 county units of the Farm Bureau in all of the 48 states and Puerto Rico. Membership in the organization on a nation-wide scale is now 1,500,000 and the group hopes to reach the two million member mark this year.

The Farm Bureau organizations are considered generally a "conservative" group, Lerew added, and in addition to their local and state wide activities have been engaged on a national scale for the past several years in seeking a curtailment of federal activities. The organization nationally claims credit for bringing about the recently announced plan for re-organization of the U. S. Department of Agriculture.

President Lerew said that each membership in the county organization is a "family" membership, rather than an individual membership, and the plan of the group is to enroll the entire farm family in its activities.

Aged Widow Dies In Burning Home

PHILADELPHIA (AP)—Mrs. Anna E. Simonds, partially blind 93-year-old widow, died yesterday as flames damaged her second floor West Philadelphia home.

Fire Battalion Chief David Stewart said Mrs. Simonds' clothing apparently caught fire from a heater as she sat in a nearby chair. The house lacked a central heating system. Each room contained an electric heater.

Neighbors said Mrs. Simonds had occupied the same house, furnished with a large number of antiques, for the last 30 years.

Log cabins were introduced into the United States by Scandinavian settlers.

Strevig, Carolyn Groft, president, conducted the business meeting. A report was heard from Anne Karns, secretary. Louise Groft and Brenda Barnes were selected to be the leaders for the meeting next Sunday at 6 p.m. The meeting closed with the group repeating the C. E. pledge and benediction in unison.

ment fund. That fund now contains \$16,231.

Announcement also was made of the establishment of a \$1,000 trust fund set up by John C. and Grace D. Bream in memory of their son, Calvin Hubert Bream. The income from the trust fund is to be used for the benefit of the Boy Scout troop affiliated with the church and if in the future there should not be such a troop, the income would go to some other young people's organization affiliated with the church.

The trustees of the church agree to receive additional sums from contributors from time to time for the same purpose.

An amendment to the church's bylaws providing "a member of Church Council shall be eligible for election to said Council for only one immediate succeeding term." A term is two years so the action limits Council membership to four consecutive years but does not bar reelection of a member after a lapse of two years.

Richard C. Lighter served as secretary of the meeting.

"We checked with the Air Force and Navy concerning needs for their air training. The men who maintain airplanes today are not 'greasemonkeys,' their biggest job is in the field of electronics. And we need more education in electronics today. Our job is to get to physics and science teachers the information that will bring them up to date on electronics today.

WOMAN PAYS MISSING FUNDS

HONESDALE, Pa. (AP)—Embezzlement charges against Wayne County Treasurer Ruth E. Stangenberg have been dropped following her resignation shortly before the start of her scheduled trial.

The 45-year-old county treasurer submitted her resignation yesterday and a short time later an agreement was read in open court. The agreement, reached after a conference between attorneys and Judges Clarence E. Bodie and Edward P. Little, called for withdrawal of the five charges against her—two of embezzlement, two of misapplication of county funds and one of alternating public records.

Judge Little, who is from Susquehanna County, was called in to preside at the scheduled trial after Judge Bodie, Wayne County jurist, disqualified himself.

Other terms of the pact called for the return to the county of \$3,000 now held in a special account, \$5,387 deposited in the Honesdale bank, and the payment of defense cost by the defendant.

A shortage in county funds was first reported Jan. 26, 1953, when a group of auditors announced the results of a survey of 1952 county financial records. Criminal charges were then filed and she was indicted last spring.

They learned in three days how government functions at all levels, and they also learned how the airplane is shrinking the size of the globe.

Vice President Roy Hammond presided at the meeting with 53 present. Donald Trone reported on the dinner to be held Thursday evening under sponsorship of the Junior Chamber of Commerce to name a "man of the year" for the borough; Attorney John MacPhail reported plans to have 35 members of the local club attend the district meeting at Lebanon March 7, 8, 9. Introduced as new members were John C. Williams and Raymond H. Seitzer. John Hostetter introduced the speaker.

"PHANTOMS" ON BARLOW PHONE LINE A PROBLEM

Members of the Barlow Rural Telephone Co. are prepared to take drastic action as soon as they find out who is telling them to "shut up" on their own telephone lines.

Discussion of the problem of the "phantom voices" occupied much of the time at the annual reorganization meeting Monday evening at the Barlow Fire Hall.

Most members blamed children as the culprits behind the strange voices that cut into telephone conversations on the company's lines to tell the conversationalists to "shut up" or "hang up" or make "vulgar remarks."

The group voted to give five days' notice to the subscriber when they find out whose children are having a telephonic game with their elders. And they warned that they will be listening sharply to try to detect the origin of the "rude remarks."

When the five-day notice is given, if the situation is not cleared up within that time, the offending subscriber will be cut off the lines. There were some mutterings at the meeting about the value of a large and heavy parental hand used in the proper places as a "cure" for the "evil."

Edwin Benner was re-elected president of the 55 member telephone organization which operates two lines off the Gettysburg exchange. Other officers re-elected included Emory Fox, vice president; Bernard V. Miller, secretary; Edgar Felix, treasurer; J. Burton Withrow, Harry Mehring, John Epley and George Haenn, directors. Mr. Withrow was renamed as line foreman and was instructed to call upon the members as needed to carry out the necessary repairs to the lines.

The group also voted to install a number of new poles and string some new wire to replace line that is wearing out.

Treasurer Felix reported a balance of \$169.11 and the group voted a \$2 assessment to help defray expenses. The assessment is in addition to the \$14.80 per year paid by the members for their telephone service.

Reaches 100 But Couldn't Afford Wife

KALISPELL, Mont. (AP)—William McKinley, who owns 10 homes but "never could afford a wife," observed his 100th birthday yesterday.

The spry, energetic oldster attributes his long life to giving up tobacco and liquor 40 years ago.

He says "only two animals use tobacco—humans and the African goat."

THEY GOT THE BIRD

HICKORY CREEK, Mo. (AP)—Weird, blood curdling screams at night set off a panther scare. Investigation showed the screams were those of a peacock, pet of little Buddie Key.

And things may get worse. Buddie is acquiring another of the birds.

THE MOVE TO MODERN LIVING

See why the trend is growing to the 1954 Lincoln

The facts are simple: Lincoln is the one fine car whose sales have more than doubled in two short years.

There are good reasons why this trend keeps growing. The great new Lincoln for 1954 is the most dramatic edition of the car that started the big change in American motorists' ideas about fine cars.

Take, for instance, Lincoln's new styling—from the stunning new grille to the crisp, new rear deck and distinctive new taillights. It is a completely new design—akin to the ground-hugging, functional look found wherever the living is modern. Note, too, how well

Lincoln's new colors and fabrics go with Lincoln's new styling; dramatic new shades in nylons, gabardines, and leathers.

Above all you have incredible performance. Lincoln's world-famous V-8 engine has the new automatic 4-barrel carburetor—gives you superbly controlled action at all times. Add to all this the optional features—power steering, power brakes, the 4-way power seat and electric power window lifts—and driving becomes practically effortless. You'll know what we mean the moment you drive a wonderful new 1954 Lincoln or Lincoln Capri.

Performance proof: Lincoln again won 1st, 2nd, 3rd and 4th places over all stock cars in the 1,912-mile Mexican Pan-American Road Race.

FIFTY YEARS AGO

Smallpox Scare: Our town was greatly aroused on Monday morning over a report that there was a case of smallpox at the College and that Levere Hafer, of Abbotstown, son of W. W. Hafer, was a student thus afflicted.

Fortunately for all concerned the report proved to be false. Mr. Hafer was slightly ill and had Dr. W. H. O'Neal visit him professionally at his room at the institution but his ailment bore no symptoms of smallpox.

It is reported that a card bearing the word smallpox was tacked on the door of his room for a joke thus creating a scare.

Increase in Capital Stock: The Capital Stock of The Gettysburg Brick Co. has been increased from \$20,000 to \$40,000. The work of installing the plant is progressing as rapidly as the weather will permit and it is expected that the company will be able to furnish brick for the early spring trade.

Boy Wanted: A good bright boy of about 13 years, to work in an office and learn a good business, must have some knowledge of bookkeeping. No cigarette smoker need apply. Address in handwriting of applicant, "Employer," Gettysburg, Pa.

Enlisted in the Marine Corps: Walter H. Ziegler, J. Allen Eicholtz and Chas. Lott, three of Gettysburg's young men, joined the United States Marine Corps last week. They enlisted at Pittsburgh and later were transferred to the League Island Navy Yard and put on board the receiving ship Richmond, stationed there. Ziegler enlisted as a baker.

Successful Operation: Mrs. Edward F. Menchey, who was taken to the German Hospital, Philadelphia, last Tuesday, was successfully operated upon on Monday for hernia. Word was received last evening over the long distance phone that Mrs. Menchey is getting along nicely.

Leap Year Dance: A number of young ladies of town gave a leap year dance at the home of Miss Ida Tinges, Baltimore street, Thursday evening. The affair was a most enjoyable one and was concluded with refreshments.

Sleighting Party: On Monday a party of Gettysburg ladies enjoyed a sled ride to Cashtown and partook of a bountiful dinner at Rock Top Hotel. Those in the party were: Mrs. J. L. Butt, Mrs. Jesse M. Walter, Mrs. H. T. Weaver, Mrs. C. H. Comfort, Mrs. C. S. Duncan, Mrs. John A. Cox, Mrs. Ida Baugher, Mrs. E. J. Wolf, Mrs. J. A. Singmaster, Mrs. Guyon H. Buehler Sr., Mrs. J. B. Scott, Miss Sudler, Miss Horine, Miss Annie O'Neal and Miss Annie Danner.

Another Narrow Escape From Burning: On Monday morning Miss Mary Myers, of Seminary avenue, narrowly escaped being burned to death. Miss Myers had arose from bed and in attempting to light a lamp a piece of the match head flew into her hair. In an instant her hair and night wrapper were ablaze and it was only by the great presence of mind and the assistance of her companion, Miss Ida Sheads, in smothering the flames with clothing that the unfortunate lady escaped a serious if not fatal burning accident. Miss Myers' night wrapper was almost completely burned.

A young daughter of Street Commissioner J. A. Gulden, of New Oxford, accidentally fell on the ice at her home, striking her head on a door sill cutting a large gash in the side of her face near the left eye.

Death of Rev. Barnhart: Rev. David Barnhart, whose illness from smallpox has previously been noted in this paper, died at his home in Bendersville at 5 o'clock Sunday morning.

Deceased was the oldest United Brethren minister in the county and was well known and widely respected, and his demise will be learned with regret throughout the county. He was aged about 63 years and has been engaged in active ministerial work in various sections of the county for nearly half a century.

THE WORLD OF SPORTS

I love all good sports but I especially like to watch baseball and football. These are games that draw upon the courage, alertness, strategy, and iron endurance of a player. How often it is, in one of these contests, that a daring play is completed that lifts the crowd to its feet.

Every sport, however, has its appeal, and one into which any boy or girl can easily and pleasantly enter. These outdoor physical sports are wonderful conditioners of character. There are rules to respect, and any violation may be very costly in determining either victory or defeat. These strenuous sports are wonderful teachers in self-control, too. A cool head, in an emergency, often turns the tide of fortune in a contest.

If you are a golf player and would like to learn vital things about a friend, who also is a golf player, invite him to a game. One game will be sufficient to reveal that friend as nothing else. The game of golf is a character eye-opener all right!

It's interesting to note how popular professional football has come to be, drawing as great crowds as baseball, and far greater than boxing or wrestling. Each player is selected from outstanding players from the many colleges. They are the pick of the land, and a fine, intelligent lot they are. Good sportsmen all. Their contests are thrillers.

Spectators at these outdoor games do themselves a great service through relaxation and the enjoyment of interests outside themselves. If a person arrives at the age when he takes no more interest in these stimulating sporting events, he or she is getting old! On the other hand, it is possible for anyone to carry youth with him to the grave!

Tomorrow Mr. Adams will talk on the subject: "The Loved and Lost."

THE FAMILY PRONOUNS

I knew he'd been in trouble when we'd settled down to tea
And I saw a furrow deeply line her brow.

I knew he'd been in mischief and I knew she'd say to me:
"I must tell you what 'your son's been up to now."

She spoke of him as "our son" when the parson came to call
And to show him off to him was proud and glad.

He was "her son" when his conduct was a joy to one and all
But was "my son" when the rascal had been bad.

Well, I'm glad that he is "her son" and I'm proud that he is mine.
No matter which the pronoun that I choose.

He is "her son," he is "my son" and together we combine.
When I speak of him it's "our son" that I use.

FAMILY HOME WITH 2-HEADED BABY NOW FIVE WEEKS OF AGE

PETERSBURG, Ind. (AP) — Mr.

Mrs. Cecil Hartley and their three daughters settled down to family life today with their two-headed baby boy, home from a hospital after five weeks.

The baby was asleep after the 122-mile ride from Riley Hospital in Indianapolis last night and his excited sisters jumped out of bed to play with him.

"Isn't he cute?" cried Connie Sue, 4. Shirley Ann, 2, looked in silent wonder.

No Answer To That

"Why does he have two heads?" asked Mary Lou, 5, the only one who had been told the baby wasn't normal.

Nobody could answer.

The baby, normal below the waist, has four arms and two legs.

Ire Denzil Hartley, 20, Hartley's son by a previous marriage, had a brisk fire going in a coal stove in the living room, the only source of heat for the four rooms in the Hartley's half of an old duplex house.

Avoided Publicity

A nurse who rode in the heated ambulance with the parents and the baby stayed overnight to get Mrs. Hartley, 27, started on the baby care.

Hartley, a 44-year-old ordinance depot worker who makes \$50 a week, was given written instructions on the baby's feeding formula when he took the baby quietly from the hospital yesterday afternoon.

The parents had waited a day after the originally scheduled release, saying they wanted no publicity.

Born Dec. 12

The hospital, where the baby had been since the day of his birth Dec. 12, said there was no longer any need for hospital care.

Dr. J. W. Elbert, the family physician, pronounced the baby in good health after the arrival.

Dr. Elbert himself helped arrange for the Hartleys to move from their virtually inaccessible log cabin in the woods three miles northeast of Petersburg. He had insisted on such a move before the baby was brought home.

Back To Normal Weight

The baby had lost some weight, but is now back to his original 10 pounds 7 ounces.

Mrs. Hartley didn't appear at Riley Hospital when the infant was released. When her husband brought the baby to her, she said: "Gracious, I'm glad this waiting is over."

She picked up the blue-blanketed baby from his new bassinet and cuddled him.

"Look, Cecil," she said. "Donald Ray is smiling."

Two Names For "Our Babies"

The parents had chosen two names. Donald Ray and Daniel Kaye, although a single birth certificate was issued at Washington, Ind., where the baby was born by Caesarean section.

"We know that doctors say it is impossible to tell how long our babies can live," Mrs. Hartley said. "We know that most of them like ours haven't lived to full maturity. We love the babies and want to do right by them."

"I know we don't have any money, but we'll do the best we can."

He said the kidnapers never referred to each other by name except Jackson was called "Dutch." He said they talked about a third party as if he were a boss, but I think that was just a cover up."

Jackson and Lear glared at newsmen as they were led into the crowded press room at the Hall of Justice.

Here is the way the case developed:

Letter Demands Ransom

Leonard Moskowitz left his office on Outer Geary St. at 11 a.m. Saturday to keep several business appointments. He didn't keep any of them.

Five hours later his family called the Missing Persons Bureau. Almost simultaneously a special delivery ransom demand arrived at the father's home in the exclusive Sealoff district overlooking the Golden Gate.

The letter, in Leonard's handwriting, demanded \$300,000 and gave directions for contacting the kidnapers through the personal columns of the Examiner.

The father immediately called police and the biggest San Francisco manhunt in two decades was underway. It turned up Leonard's car Sunday in a downtown public garage, but there were no immediate developments.

Late Sunday night a second special delivery note asked the family to hurry ransom arrangements.

Trace Call To Booth

Police traced the first ransom call from a telephone booth in the Mission district and all officers had been instructed to pick up anyone using the booth.

Two inspectors cruising in the area spotted Lear talking on the telephone and made the arrest, Lynch said. He called it a "natural."

Just after noon on Monday, a man telephoned the elder Moskowitz' home. The caller asked for "Allie," who is Leonard's brother and business partner, Alfred.

"How much can you raise by midnight tomorrow night?" the caller asked. "Get \$300,000."

rid of him." Then he hung up.

Two and a half hours later, a third special delivery letter, again in Leonard's handwriting, gave instructions for assembling \$300,000 and threatened mutilation to Moskowitz.

Moskovitz' wife, Lesley, and their two sons, David, 4, and Michael, 6, went into seclusion with other family members at the elder Moskowitz' home. Police and FBI agents were in the house and kept the neighborhood under surveillance. Leonard's home is in suburban Burlingame.

PHILADELPHIA (AP) — Judge Gerald F. Flood has ordered a probe of reports that members of the families of jurors who served in the recent Molinari case have received threats.

Magistrate Joseph J. Molinari was convicted last Saturday on charges of subornation of perjury — persuading another person to commit perjury—in a numbers writing case.

The probe was ordered after Judge Flood received the threat report from Asst. Dist. Atty. Michael J. Von Moschizsker, who said the threats were first disclosed by jury foreman Richard C. Smith. Smith, according to the assistant district attorney, said several women ju-

Warriors At Mechanicsburg Tonight; Junior High Five Will Be Host To Wildcats

All basketball activity in this area during the week will be confined to scholastic affairs inasmuch as the Gettysburg College athletes are entering a two-week layoff due to midyear examinations.

The Gettysburg High School Warriors, in the throes of a three-game losing streak, journey to Mechanicsburg tonight for a South Penn League contest.

Each of the teams sport identical league records of 1-3 and are deadlocked for sixth place.

The Wildcats are particularly troublesome on their small home court and the Warriors will be facing another stiff assignment. Tom Yost, former Biglerville High star, is coaching Mechanicsburg this season for the first time.

Gettysburg Junior High will be at home this evening, meeting the Mechanicsburg Junior High dribblers. Coach Luther Sachs' team won its first two games but now has lost two straight.

The Jayvee teams will meet at 6:45 o'clock.

Two other South Penn games are listed for tonight. Unbeaten Chambersburg plays at Hanover and may encounter trouble as the Night Hawks have blown hot and cold during the campaign. In the other contest Carlisle will meet Waynesboro on the latter's court. Shippensburg and Hershey will clash at Hershey Wednesday evening.

A full set of four games is scheduled tonight in the Adams County League.

Countdown In Action

Biglerville, tied with Bolling Springs for the lead, will be at New Oxford while the Bubbler hosts second-place East Berlin. Littlestown, still seeking its initial league decision, meets Fairfield on the Hotel Gettysburg Annex floor and York Springs invades Newville.

Delone Catholic has a non-league game listed with Westminster tonight at McSherrytown.

Friday night's program in the South Penn League will be as follows: Hanover at Gettysburg, Hershey at Carlisle, Chambersburg at Mechanicsburg, and Shippensburg at Waynesboro.

Adams County circuit tilts will include Bolling Springs at Biglerville, Fairfield at York Springs, Newville at New Oxford, and East Berlin at Littlestown.

ED MATHEWS JOINS HOLDOUT LIST AS PIERCE SIGNS IN CHISOX

NEW YORK (AP)—The Chicago White Sox and the Chicago Cubs each had another big catch in the contract bag today. But Milwaukee slugger Eddie Mathews joined the increasing group of dissatisfied major leaguers.

Lefty Billy Pierce, who along with Virgil Trucks kept the Chisox in the American League pennant running last season, came to terms for 1954 and "became one of the highest paid pitchers in the club's history," according to General Manager Frank Lane.

Pierce won 18 games and dropped 12 last year, finished second in earned runs with a 2.72 mark and had a stretch of 40 1-3 scoreless innings. Trucks already is in the White Sox fold.

Hank Sauer, the National League's Most Valuable Player in 1952, signed a Cubs' contract and promised to "fight with all I've got" to return to his form of two seasons ago. He slumped to 19 home runs after hitting 37 the previous year. Ralph Kiner, the Cubs' other home run threat, signed last week.

Mathews, the National League's home run king last year, hasn't talked turkey with John Quinn, Braves' general manager, since last fall but he said he "may hold out."

"After last season the club tried to get me to sign," he explained. "But I wasn't satisfied with what they offered me. I doubt if we'll get together very fast."

Besides Sauer, the Cubs also signed outfielder Hal Jeffcoat and rookie infielder Don Robertson. The Philadelphia Athletics signed five players, including outfielder Ed McGhee and pitcher Bob Cain, recently acquired from Baltimore.

DOGS by Tom Farley

Pup-Napping

There are times when it seems that man's best friend is copying some of man's less noble activities. Kidnapping, for instance. Or pup-napping, in the case of Sunday, an 8-year-old registered bird dog whose questionable behavior was reported by Eddie Noel in the Jackson, Miss., Clarion-Ledger.

Sunday had had no puppies of her own for several years, when a pound who lives on the same plantation produced a litter of five. According to the paper's account, "shortly after the pups were born, Sunday invaded their kennel, drove off the real mother and packed off the whelps, one by one, carrying them by the nape of the neck to her own abode."

One would have thought that this would produce a feeding problem, if no other difficulties, but strangely Sunday nursed the little hounds, and apparently supplied an adequate caloric count for all of them.

To quote from the Clarion, "A veterinarian explained that while it was rare, females have been able to give milk without going through regular birth phases."

"Several times the pups' real mother gave in to the desire to hear the patter of little paws and went to claim her own. However, Sunday drove her away on each attempt and the little pups, following their ears out of the dirt, followed their foster mother."

The only thing that can be said in defense of Sunday's behavior is that her motives were not as base as those of the human kidnapper. The deprived parent in the case was not asked to pay a ransom. The pups' lives were not endangered — on the contrary, they were well taken care of, Sunday, therefore, can only be accused of yielding to an over developed maternal instinct.

PHILADELPHIA (AP)—A pair of 200-pound linemen have been signed as free agents by the Philadelphia Eagles of the National Football League.

Eagle General Manager Vince McNally announced yesterday that Edward R. Novogratz, 200-pound former end from Moravian College, and 240-pound guard Cleo Wallace, from Winston-Salem Teachers College, will report to the team's training camp next summer.

CINCINNATI (AP)—Eight National League hit home runs in every ball park in 1953. Gil Hodges, Roy Campanella and Duke Snider were the Brooklyn Dodgers sluggers. Ed Mathews and Sid Gordon smacked them for Milwaukee. Ted Kluszewski of Cincinnati, Frank Thomas of Pittsburgh and Rip Repulski of St. Louis were the other batters who did the trick.

Fitzpatrick agrees with the de-

signer's claim that scaled-to-size equipment will advance youngsters' basketball development by two years. It permits play for age groups previously incapable of handling the regulation size ball.

Killick points out that standard basketball equipment imposes too great a strain on the 5-13 age group. It is his theory that basketball is primarily a sensory sport and not a muscular game like football.

"Muscles, naturally, play an important part but the key to the secret of basketball success lies in the fingertips and is referred to as 'touch' in the jargon of the game," Killick explains.

"Closely allied with touch, and equally important, are the reflexes. A lad blessed with good reflexes and a soft touch is three-quarters of the way along the road to basketball success."

Making shots with and at regulation equipment, Killick claims, imposes muscular strain on the legs, backs and arms of youngsters, instead of just their wrist and fingertips.

Penn To Take Full Part In Ivy League

PHILADELPHIA (AP)—The University of Pennsylvania will take part fully in the so-called Ivy League plan of intercollegiate athletics, it was disclosed last night.

But it was decided at the same time not to abandon competition with such non-Ivy opponents as Army and Notre Dame.

A report containing the recommendations was adopted by Penn's trustees in connection with a general reorganization of the School's administration.

The report calls for an Ivy League round robin in all sports.

RICHMOND GETS 14 ORIOLES IN \$50,000 DEAL

BALTIMORE (AP)—The Baltimore Orioles, now in the American League, sold rights to 14 of their minor league players yesterday for \$50,000 to Richmond, their International League successors.

Seven of the players played for the Orioles in the International last year, five didn't play anywhere and two were in military service.

Last year's performers were pitchers Ken Heintzelman, Dick Starr and Wimpy Nardella, third baseman Russ Kerns, outfielders Merv Rackley and Roy Weatherly, and catcher Marty Tabachek. Rackley was the team's leading hitter at .317.

Pitcher Joe Ares and infielder Ed Kasko are the returning servicemen being transferred to Richmond which along with Havana, Cuba, was admitted to the International League this year. Havana replaced Springfield, Mass.

The other five players in the sale belonged to the Orioles, but preferred not to play last season. They are pitchers Blix Donnelly, Ray Poat and Gordon Mueller, first baseman George Byam and outfielder Butch Hoyt. Only Mueller is considered a possibility to come out of retirement.

During his seven years as football coach at Oklahoma, Bud Wilkinson's teams have won 60, lost 7 and tied 3.

Small-Size Equipment Helps Kid Basketball

By BILL KING

BROOKLINE, Mass. (AP)—Provided with scaled-to-size basketball equipment, a 12-team league of boys ranging from 6 to 12 years holds the spotlight at the Brookline Municipal Gymnasium.

And Cliff Fitzpatrick, supervisor of recreation, predicts the youngsters will find it three times easier to score than with regulation-sized equipment.

Fitzpatrick estimates that such youngsters score an average of 1 out of 10 throws using the regulation 29½-inch ball and the 18-inch hoop fixed 10 feet above the floor.

The new equipment, designed by Larry Killick, former University of Vermont basketball player, "grows" with the young competitors.

The ball has a 27-inch circumference. The hoop has a 16½-inch diameter and five height adjustments from 8 feet to 8 feet 10 inches. Its backboard measures 2½ feet by 4 feet instead of the regulation 4 by 6, and the hoop projects two feet nearer the regulation court's foul lines.

Fitzpatrick agrees with the de-

CLAIM FONDREN LIKE WALKER

HOUSTON, Tex. (AP)—There's another Doak Walker coming up. He's Walter Fondren, Houston's great high school player.

Walker, former All-America half-back at Southern Methodist and now an All-Pro for the champion Detroit Lions, wore No. 37 on his jersey. Fondren wears the same number.

Fondren, say the critics, has the same stop-and-go style of action and gets the most out of a threat to pass.

Joel Hunt, former Texas A&M football star who coached at Louisiana State and Georgia, remarked about Fondren's ability to run until a tackler thinks he has a dead shot at him, then cut back on the tackler and either bounce off or run right through the tackler's arms.

The 155-pound Fondren gained 1,752 yards — 1,341 rushing and 411 passing — in 11 games, while scoring 112 points.

He's the son of a Houston millionaire and won't be looking around for the highest bidder for next fall. He may decide to attend a Texas school.

Bottled Drinks "Out" For Safety

ISTANBUL (AP)—Bottled drinks are no longer sold in the auditorium of the Istanbul Sports Palace— as a safety precaution.

Authorities ordered the move after a wrestling match recently between Turkish and Iran teams. Pop bottles rained on the mat as fans booed an unpopular decision, favoring an Iranian wrestler.

One bottle gashed the head of Necmi Atesh, president of the Istanbul branch of the ruling Democrat party.

ACCENT ON MANAGERS

ST. LOUIS (AP)—A manager's life was mighty rough in St. Louis just before the turn of the century. The Cardinals of 1895, '96 and '97 employed four managers in each of these years. The 1895 club was piloted by Al Buckenberger, Joe Quinn, Lewis Phelan and Chris Von der Ahe. In 1896 the managers were Harry Diddlecock, Arlie Latham, Roger Connor and Tom Dowd. The 1897 Cardinals were led by Dowd, Hugh Nichol, Billy Hallman and Von der Ahe again.

Duquesne, in second place, received 30 firsts and 995 points and third-place Indiana 16 firsts and 905 points.

Western Kentucky, running its winning streak to 16 straight games, moved ahead of Oklahoma A&M into fourth place, reversing their positions of a week ago. Western polled 769 points to the Aggies' 697.

Then came a big drop in the point ratings and, indicative of the quick changes that can take place when one of the leaders is beaten, Notre Dame was ranked sixth with 221 points.

Irish Replace Crusaders

A week ago the Irish collected only a few scattered points in the poll, but Notre Dame handed Holy Cross its first defeat last week. And this, combined with an otherwise good record, moved the Irish into the place vacated by the Crusaders.

Holy Cross dropped to eighth behind Oklahoma City. Other major switches in the rankings saw George Washington, also beaten for the first time, slip from seventh place to 10th and Duke, taking its fourth defeat, from ninth to 13th.

Mel Patton To Race Leading Aussie Pros

LONG BEACH, Calif. (AP)—Sprint-racing Mel Patton, who set exciting records in three events more than four years ago, figures he'll give Australians a good run for their money next month.

But the long-legged former University of Southern California star, now 29, lets it be known his living will continue to come from teaching, not sprinting. He'll train whenever he can sandwich it in.

Patton confirmed the announcement from Melbourne yesterday that he has agreed to race against Jamaican Herb McKenley and leading Aussie pros in what is billed as the world professional foot racing championships. He declined to say how much cash he'll get.

Will Break Ground In February For 100-Mile Turnpike Extension

HARRISBURG (AP)—The Pennsylvania Turnpike Commission pushed plans today to break ground for its northeastern extension by late next month.

Initial construction of the 100-mile stretch of superhighway to link the port of Philadelphia and the state's anthracite capital at Scranton will start in March.

The exact route of the extension, a pet project of Gov. John S. Fine, was agreed upon yesterday at a meeting between Fine, Commission Chairman T. J. Evans and Highway Secretary E. L. Schmidt.

Disclosure of the route—the first north-south lateral of the toll road—had been delayed for months due to engineering difficulties in certain stretches of rugged terrain in the anthracite coal mining area.

The worst of these, a spokesman said, was in the Weissport-Parryville area of lower Carbon County.

Financing of the extension is almost completed and bids will be called for at once, the spokesman said.

Complete In 1956

The commission set no date for the completion of the project and its opening to the public. But it was estimated that the extension should be finished in 1956.

The planning of interchanges along the new 100-mile stretch is still incomplete so yesterday's announcement by passed all mention of where motorists will be able to get off and on the toll road.

It tolls prevailing on the current 227-mile turnpike running from the Ohio border to King of Prussia are extended to the new stretch it will cost approximately one dollar to drive from Philadelphia to Scranton. That's at the rate of a cent a mile.

And if present costs of construction of the Delaware River extension are representative then the northeastern extension will cost 200 million dollars to build. Two million dollars a mile is the price of the Delaware extension.

Will End At Moosic

It is with this extension, to be completed by next Oct. 1, that the new stretch of highway will link. The junction will be at Plymouth Meeting, just south and east of Norristown.

The proposed road, skirting many anthracite coal mining towns and the Pocono Mountain resort region, will end at Moosic, just below Scranton.

Between Plymouth Meeting and Allentown it will parallel generally U. S. 309, with a distance of about five or six miles between the two.

The road will pass west of Allentown, Schnecksville and Slatington.

and cross U. S. 309 just east of Lehighton. It will go east of Mauch Chunk and White Haven while running through Hickory Run State Park.

Passing below Wilkes-Barre, it will turn in the direction of Scranton, parallel State Route 315 and join U. S. 11 at Moosic.

Await N. Y. Action

The original plan, as mapped in the 1951 General Assembly which passed enabling legislation, was to run the northeastern extension to the New York border near Binghamton.

Evans announced recently, however, that the road would go only as far as Scranton for the time being since no plans have been forthcoming from New York State to run its thruway toll road to the Pennsylvania border for a connection with the turnpike.

This opened the possibility that Pennsylvania may build another extension of the turnpike from a point on the northeastern extension to the Delaware River to connect with the New Jersey Turnpike before proceeding toward New York.

The 1953 Legislature authorized such an extension. It also provided for running that same link westward to the Susquehanna River.

Announcement of the route of the northeastern extension came about a year and a half after surveys were begun. It means that construction will begin while work still is proceeding on the 33-mile Delaware River extension in Montgomery and Bucks Counties.

Surveys also are under way in the west to connect the turnpike in the Pittsburgh area with Erie. Fine said it is possible construction there may proceed at the same time as work on the northeastern extension.

EGGS ARE TREED

FROM MINORS TO ORIOLES

BIG PLANT PRODUCES LITTLE

ISTANBUL (AP)—Assisted by more than a score of Soviet experts, Bulgaria has completed the new "Lenin Steel Works" at Dimitrovo, outside of Sofia.

Radio Sofia broadcasts of opening ceremonies referred to the new plant as a "giant factory" which took 56,000 tons of concrete in the building. The broadcast said a train of railway cars 470 miles long would be required to carry away the earth dug out at the site.

Yet the initial capacity was listed at only 50,000 tons of steel and 40,000 tons of iron products annually.

REDS WILL NOT TAKE BACK 349 (21 YANKS) PWS

PANMUNJOM (AP)—The Communists told the Indian command tonight they would not take back 349 pro-Red prisoners—including 21 Americans—scheduled for return tomorrow.

The Indians said they would go ahead with the transfer of 22,039 anti-Communist Koreans and Chinese back to U. N. custody.

The Communists' nine-page letter to the Indian command angrily opposed the decision to return all unrepatriated war prisoners to their captors starting tomorrow.

The Red reply flatly rejected the Indian view that although certain aspects of the armistice have not been fulfilled, Indian custodian troops could neither hold the prisoners nor retain them, but could only return them to their captors.

The U. N. told the Indians Saturday that they would accept anti-Red prisoners.

Others Will Leave

The Communists rejected any proposal which would transfer the prisoners from Indian custody before (1) they receive explanations and (2) a Korean peace conference discusses their fate.

Li Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Commission, said anti-Red prisoners would move southward from stockades in Korea's neutral zone on schedule.

He told a press conference the anti-Communist Chinese and Korean prisoners were overjoyed when told they were to be returned to U. N. custody.

Gen. John E. Hull, U. S. and U. N. Far east commander, flew to Korea from his Tokyo headquarters and said he would consider the anti-Communist prisoners "civilians wherever they happen to be at midnight Friday night."

He said the prisoners would be processed as soon as they are handed over.

Yankies Are Ready

Hull and Gen. Maxwell Taylor, 8th Army commander, flew to the U. N. advance base at Munsan to be on hand when the prisoner transfer begins. They were to be

joined by U. S. Army Secretary Robert T. Stevens.

The U. N. commander said Thimayya's assertion that release of the prisoners would constitute a violation of the armistice is not binding on the U. N.

"We all have differing opinions," he said, "but it is quite clear from the terms of reference (armistice) that the prisoners cannot be held as prisoners after midnight Jan. 22."

Thimayya talked with newsmen after a 45-minute meeting of the repatriation commission, at which, he said, each delegate reiterated his previous stand.

Sweden and Switzerland support the prisoner turnback while Czechoslovakia and Poland oppose it.

The Indian general said he believed all of the 22,039 Anti-Red POWs would be back in U. N. hands within 48 hours and that he anticipated no trouble.

BALKY ENGINE SAVES LIFE OF YORK WORKER; 3 OTHERS DIE

YORK, Pa. (AP)—A cold auto engine which kept him from going to work saved the life of a man whose three working companions were crushed to death in a truck-car collision on U. S. 111.

Marshall Cashner, of nearby New Freedom R. 1, York County, was supposed to drive his friends to work yesterday at a York office furniture manufacturing firm. But his car wouldn't start so the others went without him.

Elmore Armacost, 44, of Shrewsbury, who did the driving; Earl Leroy Wirtz, 25, of New Freedom R. 1; and Donald Baldwin, 21, of Railroad, were killed in the accident while returning home.

In Head-On Collision

Their car collided almost head-on with a tractor-trailer about 2 1/2 miles south of York on the two-lane main Baltimore-York highway. State police of the York barracks said the truck driver, Charles Kessler, 29, of York, told them a car pulling out of a private driveway onto the road forced him to try to stop.

He skidded over the centerline into the Armacost auto. Kessler escaped with minor bruises.

Philip R. Ness, deputy York County coroner, said an inquest will be held but he did not fix a date.

Had 9-Ton Load

The truck, carrying nine tons of plywood from Lineboro, Md., to a York factory, spilled its cargo over the road, blocking traffic for several hours.

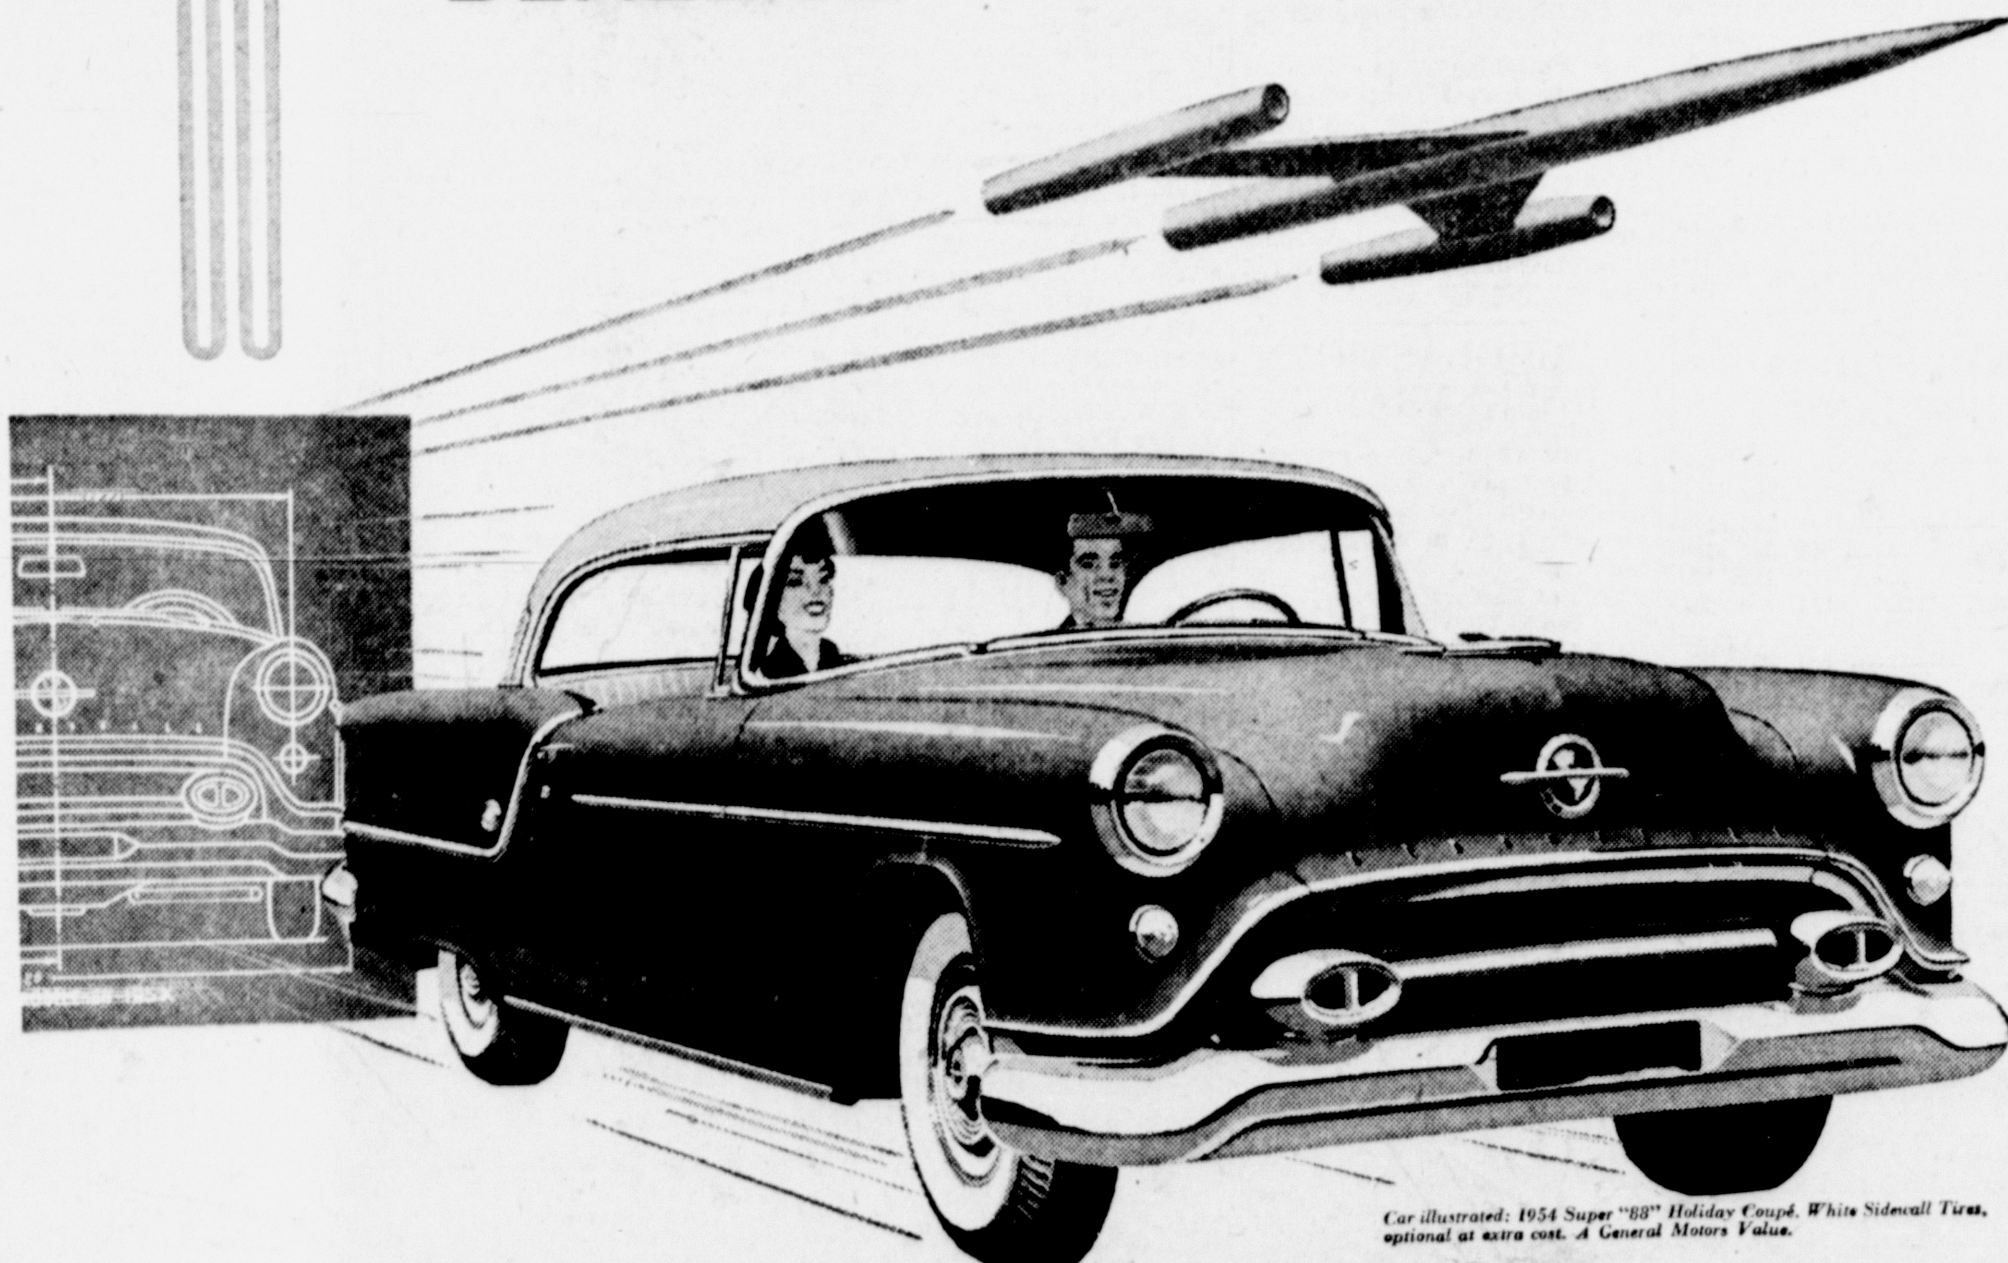

Baldwin died of a crushed chest and broken leg. Armacost had a crushed skull and broken neck while Wirtz, who was thrown from the vehicle, suffered a fractured skull and broken leg.

The last county highway accident in which three persons were killed was in December, 1952.

During the 1954 racing season at Gulfstream Park there will be 18 stake races. A total of \$337,500 in added money will be distributed.

COLLEGE STUDY BRINGS FARMER LARGE RETURN

STATE COLLEGE, Pa. — If a farm boy will invest \$4,000 in a college education, he may reasonably expect a cash return of 18 times his investment.

In making this statement, Dr. Russell B. Dickerson, associate dean of the College of Agriculture at the Pennsylvania State University, bases it on surveys that indicate the lifetime earnings of a college graduate are \$72,000 more than those of a high school graduate.

"But," Dr. Dickerson explains, "it isn't so much a question of whether a farm boy should go to college as it is whether he wants to go to college."

This decision, Dr. Dickerson believes, should be made by the boy himself, after he has had the counsel of his teachers, his parents, members of college faculties, and others.

Pointing out that many boys study agriculture, Dr. Dickerson explains that there is a need in agriculture for trained men.

Over 6,000,000 individual farms are now operated in the United States and about 250,000 scientists now are serving in agriculture and its related fields. More will be needed if we are to increase and improve our crop and animal production, control or eliminate plant and animal pests, improve the efficiency of our processing, storage, and distributing services, and discover and apply new scientific and engineering principles to agricultural production and distribution, and new social and humanistic principles to rural living.

Farming is only one career of many which are entered by graduates of the College of Agriculture, Dr. Dickerson points out, and he reminds that farming too has become a highly scientific, complex, and difficult business.

FAVORS LOWER VOTING LIMIT

HARRISBURG (P)—Gov. John S. Fine is in favor of reducing the minimum voting age to 18.

In a weekend statement, he endorsed President Eisenhower's proposal to give 18-year-olds the right to vote but pointed out that such a move in Pennsylvania would require amendment of the state constitution.

Fine said: "If our young people of this age are capable of serving in the armed forces to which they are called, they are, in my opinion, entitled to have a say in the government of this country."

The governor mentioned, however, that a reduction in the voting age would also raise questions as to what age one is authorized to make contracts, execute wills, hold public office, serve on juries and obtain marriage licenses without the consent of parents.

HONOR FOR SCRANTON

NEW YORK (P)—The citizens of Scranton, Pa., have received a citation for their efforts to revitalize their city after the closing of anthracite mines in the area threatened to leave the once thriving coal-mining center in northeastern Pennsylvania a ghost town.

Scranton was named All-America city for 1953 yesterday by the National Municipal League in conjunction with Look Magazine.

KILREA LEADS ELI SKATERS

NEW HAVEN, Conn. (P)—Wally Kilrea, captain of the Yale hockey team, has an illustrious hockey name to defend. His father, Hec Kilrea, was a star in the National Hockey League. The coach of the present Eli ice squad is Murray Murdoch, one-time star performer for the New York Rangers.

Magistrate Prepares For New Trial Appeal

PHILADELPHIA (P)—The attorney for Magistrate Joseph J. Molinari prepared Monday a motion for a new trial following Molinari's conviction on charges of inducing a witness to lie in a number case.

The Republican magistrate is free under \$500 bond. He was convicted Saturday after a stormy, week-long trial before a Common Pleas Court jury of nine women and three men. Defense Atty. Lemuel Schotfield immediately indicated he would file a motion for a new trial.

The magistrate, originally appointed by Gov. John S. Fine and elected to a full six-year term last November, was prosecuted by Democratic Dist. Atty. Richardson Dilworth.

SCHOOL HOLIDAY DISPUTED

LINCOLN, Neb. (P)—Susan, daughter of Gov. Robert Crosby of Nebraska, popped her head inside the executive office door just when her Dad was deep in a press conference.

Crosby glanced at her and remarked "Oh, no school today. I was just up talking to the teachers' convention — and your teachers were there — and I told them one of the things wrong with the schools today is that there are too many holidays!"

Susan muttered something like, "Oh, you," and did a disappearing act as her Dad grinned broadly.

OLD WITHOUT RICHES

DELPHI, Ind. (P)—Whenever things get dull around this farm country county seat town of 2,500, old-timers go out to pan for gold. Nobody ever got close to rich sifting the sands near the slate bluffs of Deer Creek. But ever since 1855, spare-time prospectors have been hoping to find a mother lode. That was when prospectors, back from the California gold rush, found the first flakes here. About the biggest day's take anyone can remember was worth \$1.50.

REACTIONS TO IKE'S HEALTH MESSAGE VARY

By FRANK CAREY

WASHINGTON (P)—President Eisenhower's health message to Congress yesterday brought some praise and some criticism and, from a few interested legislators and groups, a "no comment" pending further details.

Generally regarded as the main new feature of the program the President outlined was his request for a 25-million-dollar fund to re-insure private health insurance plans. The idea, as Eisenhower touched on it briefly, would be to permit such plans to give increased benefits to subscribers without materially increasing their charges.

The President gave no details, except to say that the 25 million dollars ultimately would be "retired" by the fees which the private insurance plans would pay.

No Details Yet

Newsmen's efforts to obtain details from the Department of Health, Education and Welfare were unavailing. A spokesman said Secretary Hobby would have a news conference "at an appropriate time," without saying when that would be.

A number of Republican members of Congress hailed the President's statement that he was "rejecting the socialization of medicine."

The American Medical Assn. (AMA) applied that term to the compulsory health insurance system proposed unsuccessfully by former President Truman.

In Los Angeles, AMA President Edward J. McCormick said he is not sure that private health organizations need financial aid from the government as proposed by Eisenhower. "If left alone, I feel the companies will solve their own problems," he said.

However, he said the AMA must

Hold Policeman In Wife's Slaying

PHILADELPHIA (P)—A 47-year-old city policeman was held without bail Monday for the grand jury on a charge of homicide in the fatal shooting of his wife.

The policeman, Charles Hillock, a 23-year veteran on the force, is accused of shooting his wife yesterday following a quarrel. Two fellow officers, Nicholas LaRose and Constantine Primiano, called to the couple's South Philadelphia home after a report of a disturbance there, said Hillock shot his wife, Kathryn, 48, as they tried to persuade him to sit down and talk things over with them.

Bookworm Vacations At Knownothing Creek

ETNA, Calif. (P)—Retired miner John F. Donahue "hibernates" during the winter of deep snows in Northern California.

His supplies include boxes of old magazines.

But despite all his reading, Donahue lives on Knownothing Creek.

Students Exchange Walls

WEST LAWN, Pa. (P)—"We will go beyond the classroom walls today to study social problems," a Wilson High School class was told by its instructor.

An hour later the group was inside the walls of Berks County Prison exploring the problems.

"Go over all the details" before taking a definite stand, and for this purpose he has called for a special conference to be held in Chicago Sunday.

The American Hospital Assn. praised the President's endorsement of private insurance plans, but withheld comment on the reinsurance proposal pending specific legislation.

On the other hand, Americans for Democratic Action (ADA), said it was "deeply disappointed and critical of the utter failure... to propose constructive measures to meet the health needs of the American people."

ALEXANDER'S TOMB SOUGHT

ALEXANDRIA, Egypt (P)—The tomb of Alexander the Great may be found near this city following discovery of a huge marble statue which Egyptian archaeological circles believe was buried near the Macedonian conqueror.

Although Alexander died in Asia, traditions say he was buried in the vicinity of Alexandria.

COLLECTS CIGAR BUTTS

TARRAGONA, Spain (P)—Pedro Ramirez Olasagui has a collection of famous cigar butts. It's cost him about \$2,500. He has a network of theater ushers, hotel bellboys and nightclub and restaurant waiters working for him.

The butts are enclosed in glass cases with cards naming the owner and where the find was made.

Most expensive so far was one ex-King Farouk of Egypt smoked in Rome. It cost \$12.

PARKING METER WILDLIFE

DOVER, N. H. (P)—Police were dubious when a motorist told them he had seen two eyes peering at him from inside a parking meter. Investigating, they found an eight inch snake.

SAYS 'MAC' USED JAP EQUIPMENT TO CLEAR MINES

TOKYO (P)—The newspaper Sangyo Keizai said Monday Gen. Douglas MacArthur used Japanese coast guard minesweepers in his Korean War landing operation at Wonsan, North Korea, Oct. 26, 1950.

Sangyo Keizai quoted a former top commander of the Japanese coast guard as saying he feels it "violated international law." The Japanese constitution renounces war.

The national daily with about one million circulation said the facts have been kept secret and all members of the coast guard were told to say nothing.

One Commander Resigned

The paper said a memorial was dedicated in June 1952 to one coast guard man killed in the operation. Sangyo Keizai said MacArthur asked the Japanese coast guard to sweep mines in Wonsan Bay for the U. S. Marines' amphibious operation.

The paper said one commander of a coast guard unit then resigned in protest, and the top commander of the whole outfit also resigned apparently feeling responsible for the refusal of some of his men to obey the occupation order.

Hit A Mine

Sanji Oki, the top commander who resigned, was quoted:

"We had to obey occupation orders at that time, but I am afraid Japan's participation in the war-fare violated international law."

Sangyo Keizai said one minesweeper hit a mine and sank and one Japanese crew member was killed.

Gets Good Yield Off Low Land Salvaged By Drainage Laid Out By Soil Conservation District

A speech given in the farmer's son's FFA class two years ago led to production of 119 bushels of corn per acre on a former unusable area of the Roy Weaver farm this fall, Richard Long, technician for the Adams County Soil Conservation district, reported today.

Weaver, whose farm is located along the Harrisburg Rd., had a 13-acre field which generally remained wet through most of the year.

Because of the drainage problem, about the only use Weaver got from the field was pasture in July, August and September, and it was not even good pasture—elm, hickory, alder, ash, thorn apple, briars and swamp grass abounded in the field. A study of soils maps and experience showed that the use of field tile to drain the area was not practical.

Put In Drainage Ditches
Then Roy Weaver Jr. attended an evening class of the Gettysburg High School Future Farmers of America. The speaker was talking about surface drainage where tile does not work.

Roy Jr. came home enthusiastic and enthused his father on the idea of making the 13-acre semi-swamp profitable.

They called in Long to lay out a surface drainage plan for the land. The first step was to clear away the unwanted growth. Next V-shaped ditches were placed, one across the upper end of the field and the other in the center of the field, running lengthwise.

That fall the Weavers, Sr. and Jr., removed a fence between the 13-acre field and an adjoining field that had some wet ground, but was mostly dry.

Wet Weather No Barrier
Along the base of the sloping land a diversion terrace was constructed, with the channel cut into the underlying clay to prevent excess runoff and seepage from reaching the flat ground.

The lines were placed diagonally across the field, parallel to each other and 60 feet apart. The lines

ANOTHER HUGE EXPANSION IS PLANNED BY GM

NEW YORK (AP)—General Motors today announced another billion-dollar expansion program.

Sixty per cent of the funds will be spent this year and the remainder by the fall of 1955. The program is designed mainly to provide additional capacity for GM's automotive divisions.

Harlow H. Curtice, GM president, disclosed the undertaking along with an optimistic outlook on business prospects in an address to 500 business and industrial leaders at a luncheon preliminary to the opening Thursday of GM's Motorama of 1954.

Billion A Day
He said GM has spent two billion dollars on expansion since World War II.

He predicted a gross national product this year "approximately equal to the 36 billion estimated for 1953."

"No depression is in my vision," he said. "It is my belief the national economy will be strong and healthy throughout the year."

He said he looked for little change in the over-all level of employment. "Consumer expenditures should continue substantially at present high levels as a result of well-sustained incomes and lower taxes," he said.

Need Public Confidence
He predicted General Motors' volume of sales "in physical and dollar terms in 1954, should not be far from the high level attained in 1953. Last year, he reported GM's dollar sales exceeded nine billion dollars "by a substantial amount."

"There is one danger we must guard against—and that is psychological," he said. "If those who persist in taking a pessimistic view of the future succeed in planting fear in the minds of the public, those seeds of fear could take root and the result might be the very condition we seek to avoid."

Public confidence, he said, "is a key factor in maintaining a high level of economic activity."

Car Plunges Into Icy Delaware River

BRIDGEPORT, N. J. (AP)—A sedan ran out of control while its driver was waiting for a ferry yesterday and plunged into the frigid Delaware River. The driver, a Chester, Pa., druggist, was uninjured.

The automobiles brakes failed to hold and the car plunged into the freezing water. The top of the vehicle remained only a foot above the water. The driver, 69-year old Harry J. Bomberger, was able to keep his head above water until help arrived.

Bomberger was treated at the Chester Hospital for exposure and discharged.

HARRISBURG (AP)—Gov. John S. Fine called a conference with the Pennsylvania Turnpike Commission today to announce the route of a new extension linking northeastern Pennsylvania with the superhighway.

The present 327-mile toll road runs from the Ohio border to King of Prussia, near Philadelphia. Construction is already underway to hook up the highway with the New Jersey Turnpike at a point in Bucks County.

ADEN (AP)—Exploration for underwater oil deposits in the Persian gulf have been started.

TRIES TOO OFTEN

HAMDEN, Conn. (AP)—A dog walked into a supermarket, carefully chose a candy bar and then walked out to eat it. Minutes later, it tried to repeat the act. Store attendants, no longer thinking it cute, shoed him out.

TREES FOR BAGHDAD

BAGHDAD (AP)—The Ministry of Agriculture has a proposal to plant a forest of trees around the city to keep down the summer heat which often reaches 118 degrees. It would also keep down the dust, according to the ministry.
